

Mynarix

PRESCRIBING INFORMATION

Tenofovir / Lamivudine / Dolutegravir

Anti-retroviral | Tablet | Rx only

A once-daily fixed-dose combination antiretroviral therapy for the treatment of HIV-1 infection.

1. Composition

Active ingredients: TDF 300 mg / 3TC 300 mg / DTG 50 mg

Regimen: One tablet once daily

Pack size: 30 tablets

ATC class: J05AR

2. Indications

Treatment of HIV-1 infection as a complete regimen in adults and adolescents at least 25 kg.

3. Dosage and Administration

One tablet once daily with or without food. Adherence is essential to maintain viral suppression.

4. Mechanism of Action

Two nucleoside reverse transcriptase inhibitors plus an integrase inhibitor suppress HIV-1 at multiple stages.

5. Warnings and Precautions

- Test for hepatitis B before starting; discontinuation may cause HBV flare.
- Monitor renal function; adjust in renal impairment.
- Review interacting co-medications.

6. Storage

Store below 30 deg C; keep tightly closed to protect from moisture.

7. Manufacturer

Mynarix, 2400 Skyline Drive, Suite 120, Mesquite Industrial District, Dallas, TX 75149
